C C C F G

The diagram consists of five horizontal rows. Each row contains five cells, each containing a different geometric shape. Row 1: Red circle, Red rectangle. Row 2: Black circle, Red triangle. Row 3: Black circle, Black rectangle. Row 4: Black circle, Black rectangle. Row 5: Black circle, Black rectangle.

 	 	 	 	 	 	 	 
C	F	F	G			G	

The diagram consists of five identical groups of four shapes each. From left to right, the shapes are: a red triangle, a red rectangle, a black circle, and a black rectangle. The first four groups are labeled with the letter 'C' below them, while the fifth group is labeled with the letter 'F' below it.
